

Efficient, effective, cutting edge solutions to help better patient outcomes and gain control of dietary cost.

TechnoCare suite offers access to resident/patient outcome information, production tools, inventory control, Internet-based procurement, and an online financial summary analysis tool that is unrivaled.

Program Highlights

UFSO - SourceTech Gourmet Nutrition

- The Gourmet Nutrition program combines the best in menus, product specifications, manufacturer product placement, and recipes to provide the best food possible to meet the facility's goals.

TechoCare Software

- A series of fully integrated suites that offer menu, ordering, tray cards, weight watch, supplement labels, reporting and cost management tools.

Integrated Software, Hardware & Internet Access

- Access to state of the art hardware accompanied by SourceTech designed software. 24-hour tech support and 1 day hardware replacement guarantees are included to keep your dietary department running without worrying about technology.

Cloud Based Financials

- Online Financials in a cloud based resource that provides instant "Spend-Down Reports", year-to-dates numbers and access to invoice numbers, dates and dollar amounts. Electronic invoicing helps save on time and potential financial errors.

UFSO - SourceTech Monitoring Services

- Facility Monitoring: To reduce order overages and reduce unnecessary costs.
- Price Monitoring: To verify that manufacturer price agreements are adhered to by the suppliers and to identify products that increase in price substantially to notify personnel.
- Financial monitoring: To analyze a facility's spending over time to identify areas where they might be getting off track.

Manufacturer Programs

UFSO - SourceTech negotiates **guaranteed delivered prices** with manufacturers on the highest moving products in the **top 30%** of our customers' purchases to better control procurement cost on **at least 70% of the overall purchase volume** of our customers.

UFSO - Source Tech negotiates all supplier programs to reflect our negotiated price off the distributor invoice, eliminating the need to track rebates providing you with transparency and accurate financial reporting throughout the supply chain.
